Citizenship Rubric

Presidential Think Tac Toe

Item being scored	Intervention (0-3 pts)	Progressing (4-7 pts)	Meets Expectations (8-11 pts)	Advanced (12-15 pts)
Evidence of valid resources; student shows accurate understanding of issues	The response is off topic and does not show evidence of referencing materials from class, debates, and/or movies.	The student attempts to create a description, but there is essential information missing that should otherwise be included from resources.	The descriptions are accurate and complete offering supporting evidence from resources.	Student accesses additional outside resources to create an accurate and well defined description.
Effectiveness and originality of all 3 social studies components	Student is lacking major portions of one or more of the components for social studies. There is little or no attempt of originality; project rehashes others ideas.	Student shows an attempt at originality, but the presentation of the information lacks effectiveness to express the ideas of the student well and/or the issues	Student originality is present and material is effective as it includes the majority, or most of relevant issues	Great thought is shown through the originality of all 3 social studies components and materials used are extremely effective in conveying the student's message/info
Time, creativity, effort in creating a quality overall project	Final project reflects a lack of time and lack of effort for creativity. Project is missing several key elements and the quality suffers due to lack of information.	Creativity is attempted, and effort of time is shown in a basic amount of details and decoration. Quality of project appears rushed.	The project displays creative thought in a well designed and decorated presentation. Effort and time is apparent as the student showcases his/her thought in well articulated descriptions throughout the project.	Student exceeds expectations of project by taking time to truly create a unique, well developed project. Effort is evident through the use of creative media, and/or materials.
Spelling, grammar, organization, and technical mastery of media if applicable <small>**If student does not try media ahead of time and it does not work it is -5 points</small>	Project has 8 or more grammatical/spelling errors. Words are not used appropriately, or do not align with the context of the assignment. Project is unorganized and lacks crucial information.	The booklet has only less than 7 grammatical/spelling errors. There are organizational or technical problems with several components of the project.	There are less than 4 errors in the project and overall the project is well-organized. There are no technical errors in any component of the project.	Project is almost error free. Student has added additional information offering very thorough explanations. Media is used appropriately.

All 5 classes materials are completed, organized, and in order in the election folder. _____/5 possible points
